## Our school initiatives are on track to meet or exceed our targets

During 2017, we focused on maximising the benefits of this funding for our students. After reviewing our 2017 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Undertake regular collaborative review of student reading data using our Data Assessment Schedule to inform whole school intervention and professional development program (Lyn Sharratt).
- Implement high yield, precise targeted teaching strategies informed by the analysis of student results including current and historical results (John Hattie).
- Develop consistency and precision of Explicit Instruction through professional learning including participation in observational rounds, feedback and coaching (Anita Archer).
